Guests: None.

The work session was called to order at 10:17 a.m., roll call was taken, and a quorum was present.

The work session was called for the purpose of reviewing the Commission's presentation to Tribal Council, which was in the form of a power point prepared by Commission members and the Department. The presentation requested funding for 100% of unmet need for the Higher Education students.

The meeting broke at 11:22 a.m. for individual review of the material, as this was the first opportunity some members had to review their packets.

Chairperson, Shirley Oldman, arrived at 12:00 p.m.

The Commission met with Tribal Council at 2:00 p.m. After the presentation and discussion, the Council voiced a desire to provide 100% of the Higher Education Student's unmet need, but, as funds are not readily available, will take this matter under consideration. Other options were discussed.

The work session adjourned at 3:49 p.m.

Respectfully submitted:

Rita G Shepard, Secretary
